Filing Description:

I submit for your review and approval the revisions to the initial filing of the rates and rules that will be used for policies issued through Ob-Gyn Risk Alliance, underwritten by ProAssurance Casualty Company. I request the effective date of January 1, 2012 for this filing submission.

We are adding back in the individual risk rating rule that was inadvertently deleted in SERFF Filing Number PCWA-127150928. We were asked to confirm that no insureds were currently written on an individual risk basis, which none were not. We are also confirming that no policies will be issued on an individual risk basis prior to implementation. Also, we are correcting the group deductibles maximum credits to match what is currently on file with your department for ProAssurance Casualty Company's standard program.

Dear LaQuita Goodwin,

This is to acknowledge receipt of your filing. Your submission is not acceptable for filing in Illinois due to the following reasons:

Please indicate if your company has a plan for the gathering of statistics or the reporting of statistics to statistical agencies? If yes, what stat agency is being used?

We are required to obtain a certification for each filing. If based on the previous filing your officer and actuarial support feel the company is in compliance, then a certification with the new filing number does not seem to be an out-of-reach request.

Sign up to get e-mail notification for updates to the Department's website. http://insurance.illinois.gov/RSS/

Please refer to the appropriate Property Casualty IS3 Review Requirements Checklist before submitting any filing. The checklists are available at the Department's Web site or at the following link:

http://insurance.illinois.gov/Prop_Cas_IS3_Checklists/IS3_Checklists.htm

Please submit compliant form(s) no later than the date shown above or the entire filing may be disapproved. Please be advised that when the Director disapproves the form(s) you must immediately cease using the form(s) in Illinois.

Please give this matter your immediate attention. If you have any question regarding this filing please feel free to contact me.

Sincerely,

Gayle Neuman

INTRODUCTION

This manual contains the classifications and rates governing the underwriting of Physicians, Surgeons and Allied Health Professionals Professional Liability Insurance written through Ob-Gyn Risk Alliance (a ProAssurance purchasing group), underwritten by ProAssurance Casualty Company, hereinafter referred to as "the Company."

I. RATES AND PREMIUM CALCULATIONS

- A. Rates apply on a per incident and annual aggregate basis. The rates for the premium classifications selected by the Company or any special situations not delineated herein are those described in the Professional Liability State Rates and Exceptions Section of this manual, with a minimum premium being \$500 (not applicable to paramedicals). If an individual's practice involves two or more rating territories or rating classifications, the highest rating territory or classification applies. Endorsements adding risks/exposures mid-term will be rated in accordance with the Rates and Rules in effect as of the endorsement effective date. Subject to Section 3., VIII, (Rate Adjustments for Changes in Exposure) of this manual, Reporting Endorsements will be rated in accordance with the Rates and Rules in effect as of the policy effective date. Subject to Section 3, VIII, (Rate Adjustments for Changes in Exposure) of this manual, endorsements effecting changes on risks/exposures currently insured will be rated using the Rules (e.g., rating classification, limits of liability and rating territory) in effect on the date of the change combined with the rates in effect on the later date of either i) the policy term effective date or ii) risk effective date.
- B. Refer to the Company for: Agents should refer to the Company any risk meeting one of the following criteria: a) Any risk or exposure for which there is no manual rate or applicable classification, or b) Risks developing annualized premium of \$100,000 or more for basic limits for individual (a) rating.
- C. Whole Dollar Premium Rule: The premiums appearing in the State Rates and Exceptions Section of this manual have been rounded to the nearest whole dollar. This procedure shall also apply to all interim premium adjustments, including endorsements or cancellations. A premium involving \$.50 or over, shall be rounded to the next higher whole dollar.

II. CANCELLATIONS

Cancellations shall be made only within the parameters established by the State of policy issuance as framed in the Cancellation provisions of the policy including any State-specific endorsement thereto.

- A. By the Company: The earned premium shall be determined on a "pro rata" basis.
- B. By the Insured: The earned premium shall be determined on a "short rate" basis.
- C. <u>Removal from the State</u>: Subject to state provisions, the policy may be canceled by the Company after the insured no longer maintains at least 75% of his medical practice within the state of issuance, subject to proper notice.

A. Individual Deductibles

For other deductible amounts selected by policyholders, refer to management for rating.

B. Group Deductibles

An optional deductible which limits the amount the entire group will have to pay, if multiple claims are made in a policy year, is available. Under this program, the per claim deductible continues to apply separately to each insured involved in a suit. However, the aggregate deductible applies to all insureds in the group combined thereby reducing the organization's maximum potential liability in a policy year.

When an organization is insured with a separate limit of coverage, the organization is counted when totaling the number of insureds below.

Group aggregate deductible discounts apply to \$1M/\$3M premiums only. The applicable Deductible Discount will not change during the policy term despite changes in the number of insureds, but will be limited by any applicable maximum credit amount.

SECTION 3

CLASSIFICATION AND/OR RATING MODIFICATIONS AND PROCEDURES

CLASSIFICATION AND/OR RATING MODIFICATIONS AND PROCEDURES

I. "MOONLIGHTING" PHYSICIANS

Physicians and surgeons who perform covered "moonlighting" activities may be eligible to be insured at 50% of the rate applicable to the specialty in which the physician or surgeon is "moonlighting."

Covered "moonlighting" activities include:

- A. Physicians and surgeons in active, full-time military service requesting coverage for outside activities.
- B. Full-time Federal Government employed physicians and surgeons (such as V.A. Hospital employees) requesting coverage for outside activities.
- C. Physicians and surgeons employed full-time by the State or County Health Department requesting coverage for outside activities.
- D. Residents or fellows currently attending their training program who are requesting coverage for outside activities but only while they are enrolled in such program.

II. FELLOWS, RESIDENTS AND INTERNS

- A. Coverage may be written for fellows, residents and interns practicing within the scope of their training in the teaching environment. Clinical exposure must not exceed 30 hours per week. For risks not rated on a per patient or per visit basis, the rate shall be calculated as a percentage of the appropriate specialty classification. The appropriate percentage is defined as follows:
 - a) First year resident 25% of the appropriate specialty classification rate
 - b) Second year resident 50% of the appropriate specialty classification rate
 - c) Third year resident 75% of the appropriate specialty classification rate
 - d) Fellows and interns 85% of the appropriate specialty classification rate
- B. If fellows, residents and interns wish to practice outside their training program 100 hours or less per month, coverage may be written at a rate equal to 50% of the appropriate specialty classification.

IV. PART-TIME AND SEMI-RETIRED PHYSICIANS

The Part-Time Discount is available to physicians and surgeons only.

- A. who have at least 15 years of postgraduate clinical practice experience and are scaling back their practice in anticipation of retirement; or
- B. who practice less than 20 hours per week due to family needs (caring for young children and/or ill or disabled family members); or
- C. who are required to practice on a reduced basis as a result of a physical or medical condition, with the company's approval; or
- D. who practice at least 30 hours per week at a hospital, community health center or other health care facility where medical professional liability insurance is provided by the facility. A certificate of insurance listing the Company as certificate holder must be presented annually for the credit to apply.

Insureds eligible for the New Doctor Discount are not eligible for the Part-Time Discount. Also, physicians employing or supervising paramedicals are not eligible for the Part-Time Discount.

This discount is intended to more accurately rate the insured who practices his specialty on a limited basis. The available discounts are:

		Average Weekly Practice
TYPE	<u>Class</u>	Hours <20 hours
Physician	1 to 7	50%
Surgeon	8 to 15	35%
All other		None

^{*} Physicians and Surgeons whose average weekly practice hours of less than 12 hours will be individually evaluated by the company.

Practice hours are defined as:

- hospital rounds,
- charting and patient planning,
- on call hours involving patient contact, whether direct or by telephone,
- consultation with other physicians, and
- patient visits/consultations.

Practice hours of physicians receiving the Part-Time Discount are subject to random audit by the Company.

V. LOCUM TENENS

Locum tenens coverage is provided at no additional charge for up to 45 days in any policy year and provides a shared limit with the insured. The locum tenens doctor must submit an application for Company approval in advance of the requested effective date of coverage.

VI. CORPORATE LIABILITY - SHARED LIMIT

No charge will be made for entities sharing in the available limits of liability of the insured physicians or other insured organizations, providing each member is insured by the Company and the risk is otherwise acceptable.

VII.RATE ADJUSTMENTS FOR CHANGES IN EXPOSURE -- CLAIMS-MADE, RETROACTIVE, AND REPORTING ENDORSEMENT COVERAGE

A. Claims-Made Coverage

The calculations for changes in exposure are performed by taking the difference between claims-made rates for each period of differing exposures. These calculations are appropriate for changes in practice specialty, changes in rating territory or practice in other states, changes between part-time and full-time practice, and other changes that would affect a calculated rate. Currently approved rates, classification tables and discount or surcharge factors for the appropriate state(s) are used. This method can be generalized by using the following formula to calculate a rate for the upcoming year.

- 1. Rate for current practice, determined using a retroactive date equal to the date that the *current* practice patterns began,
- 2. plus rate for prior practice, determined using a retroactive date equal to the date that the *previous* practice patterns began,
- 3. less rate for prior practice, determined using a retroactive date equal to the date that the *current* practice patterns began.

This method is applied in a similar manner if more than one practice change occurred during the previous four years, and the components are pro-rated if the change occurred at a date other than the policy anniversary date.

For example, if a physician had practiced obstetrics and gynecology for many years, then stopped practicing obstetrics and began to practice gynecology only, the appropriate premium for the upcoming policy period would be:

Gynecology rate for claims-made year one, plus OB/GYN rate for claims-made year five, less OB/GYN rate for claims-made year one.

This produces a blended rate, reflecting the remaining OB/GYN exposure that makes up the majority of the expected reported claims in the upcoming year, plus the initial gynecology exposure.

The rate for the second year of gynecology-only practice would be:

Gynecology rate for claims-made year two, plus OB/GYN rate for claims-made year five, less OB/GYN rate for claims-made year two.

This adjustment process continues for two more years, until the beginning of the fifth year in the new specialty. At that time, the blended rate would be:

Gynecology rate for claims-made year five, plus OB/GYN rate for claims-made year five, less OB/GYN rate for claims-made year five,

which is simply equal to the gynecology rate for claims-made year five.

Although this method of adjusting rates is designed to accommodate most situations, changes in medical practice often result from increasing or decreasing patient loads, additional medical training, relocation of the practice, gradual reduction in practice nearing retirement and other underwriting factors which affect the risk of loss. As a result, the Company may choose to waive the exposure change adjustment process in specific situations, thereby utilizing the current rating variables without modification. Conversely, a debit under the Scheduled Rating Plan may be applied at the underwriter's discretion, based on more than five years of practice in specialties with long claim emergence patterns, such as Pediatrics or Obstetrics.

B. Prior Acts Coverage

When prior acts coverage is provided, the same method is utilized, as if the insured had been with the Company during the prior acts period. Practice information regarding the prior acts period is obtained from the insurance application.

C. Reporting Endorsement Coverage

The calculations for changes in exposure are performed by weighting the mature claims-made annual rates in effect at policy issuance for each period of differing exposures. These calculations are appropriate for changes in practice specialty or changes in rating territory that would affect a calculated rate. This method can be generalized by using the following weights and formula to calculate a rate for the upcoming year.

Number of	Claims-Made Year				
years policy					
written	1	2	3	4	5+
1	100%				
2	50%	50%			
3	37.5%	37.5%	25%		
4	33 1/3%	33 1/3%	22 2/9%	11 1/9%	
5+	30%	30%	20%	10%	10%

- 1. Mature claims-made annual rate in effect at policy issuance for the current practice and territory times the sum of the weights for the claims-made years in effect.
- 2. Plus mature claims-made annual rate in effect at policy issuance for the prior practice and territory times the sum of the weights for the claims-made years in effect.

For example, if a physician had practiced obstetrics and gynecology for over five years, then stopped practicing obstetrics and began to practice gynecology at the renewal two years prior to the electing the Reporting Endorsement Coverage, the appropriate base premium for the upcoming policy period would be:

Gynecology mature claims-made annual rate in effect at policy issuance times (30% + 30%), plus OB/GYN mature claims-made annual rate in effect at policy issuance times (20% + 10%) + 10%

This method is applied in a similar manner if more than one practice change occurred during the previous four years. The components are pro-rated if the change occurred at a date other than the policy anniversary date.

VIII. REPORTING ENDORSEMENTS (Claims-made only)

A. Reporting Endorsement Premium Calculation

With respect to calculation of Reporting Endorsement premium, all discounts/debits will apply to Reporting Endorsement premium calculations. If the policy is terminated during the first year, pro-rate the tail premium. For terminations during the second, third or fourth claims-made policy year, blend the applicable tail factors. The Company may refuse to offer deductible options for premium credit on reporting endorsements in the case of insufficient securitization.

B. Waiver of Reporting Endorsement Premium

The premium for the reporting endorsement may be waived as provided by the contract in force.

SECTION 4

IV. SCHEDULED RATING PROGRAM

The Company has determined that significant variability exists in the hazards faced by physicians and surgeons engaged in the practice of medicine. Exposure conditions vary with respect to:

		Debit/Credit
1.	Number of years experience in medicine;	+/- 10%
2.	Number of patient exposures;	+/- 10%
3.	Organization (if any) and size;	+/- 10%
4.	Medical standards review and claims review committees;	+/- 10%
5.	Other risk management practices and procedures;	+/- 10%
6.	Training, accreditation and credentialing;	+/- 10%
7.	Continuing Medical Education activities;	+/- 10%
8.	Professional liability claim experience;	+/- 10%
9.	Record-keeping practices;	+/- 10%
10.	Maintenance and utilization of certain monitoring equipment,	
	diagnostic tests or diagnostic procedures;	+/- 10%
11.	Participation in capitation contracts; and*	+ 10%
12.	Insured group maintains differing limits of liability on members.*	+ 10%

In order to recognize these and other factors affecting a particular practitioner or group practice, the Company proposes to apply a debit or credit to the otherwise applicable rate dependent upon the underwriter's overall evaluation of the risk.

The maximum credit will be 25%; the maximum debit will be 25%.

The Scheduled Rating Plan will apply to individuals as well as groups of two or more physicians as the Company becomes aware of variability in the risk characteristics of the individual or group. At the underwriter's discretion, objective credits otherwise applicable to an insured will not be applied in situations where a scheduled debit is deemed necessary.

* NOTE: No credit will be given for #11 or #12 above.

V. DEDUCTIBLES

Deductibles may apply either to indemnity only or indemnity <u>and</u> allocated loss adjustment expenses (ALAE). Any discount will apply only to the primary limit premium layer (\$1M/\$3M). Deductibles are subject to approval by the company based on financial statements to be submitted by the insured and financial guarantees as required. The amount of the deductible credit may never exceed 80% of the annual aggregate, if any. In the event where the credit exceeds 80% of the aggregate, the annual aggregate will be adjusted accordingly. This Rule does not apply to any risk when a deductible has been added for underwriting reasons.

A. Individual Deductibles

Discount as a Percentage of Rate for Applicable Primary Limit

These per claim and aggregate (if any) deductibles apply to each insured separately.

For other deductible amounts selected by policyholders, refer to management for rating.

B. Group Deductibles

An optional deductible which limits the amount the entire group will have to pay, if multiple claims are made in a policy year, is available. Under this program, the per claim deductible continues to apply separately to each insured involved in a suit. However, the aggregate deductible applies to all insureds in the group combined thereby reducing the organization's maximum potential liability in a policy year.

When an organization is insured with a separate limit of coverage, the organization is counted when totaling the number of insureds below.

Group aggregate deductible discounts apply to \$1M/\$3M premiums only. The applicable Deductible Discount will not change during the policy term despite changes in the number of insureds, but will be limited by any applicable maximum credit amount.

C. Self-Insured Retentions

Insureds may self-insure a portion of their professional and general liability risk with the Company's policy attaching in excess of the Self-Insured Retention selected. The Self-Insured Retention limit may include ALAE, or ALAE may be paid pro rata. All such policies must be referred to the Company for special consideration.

VI. ANNUAL PREMIUM PAYMENT DISCOUNT

A discount of 1.5% of the policy premium will be applied if the insured pays the premium in full prior to the inception date of the policy. This discount is not available if the initial policy term is less than six months. If the full premium is not received by the Company by the policy effective date, the discount will be withdrawn, the policy will be rated without the discount and the insured will be billed for the additional premium.

VII. GENERAL RULES

- A. Discounts will only be applied to qualifying insureds at the initial issuance of such policy or at the next renewal date.
- B. Discounts will apply in the following order:
 - 1. Deductible Discount (primary premium only).
 - 2. All other discounts
- C. Additional practice charges will be applied to the premium after all discounts have been applied.
- D. Corporate Liability premium will be determined after all discounts and surcharges have been applied.

SECTION 5

ADDITIONAL PRACTICE CHARGES

ADDITIONAL PRACTICE CHARGES

I. MEDICAL SERVICES PROVIDED IN A STATE OUTSIDE THE STATE OF POLICY ISSUANCE

Insureds engaging in the routine care and treatment of patients outside the state in which the policy is issued may be subject to appropriate surcharge or credit based upon rates consistent with those charged for a like risk in said state.

II. PARTNERSHIP - CORPORATION - PROFESSIONAL ASSOCIATION COVERAGE

Coverage for partnerships, corporations, or professional associations may be written with a separate limit of liability. The premium charge will be a percentage (selected from the table below) of the sum of each member physician's net individual premium. For each member physician not individually insured by the Company, a premium charge will be made equal to 30% of the appropriate specialty rate if the Company agrees to provide such coverage. In order for the entity to be eligible for coverage under the separate policy, the Company must insure all member physicians or at least 60% of the physician members must be insured by the Company and the remaining physicians must be insured by another professional liability program acceptable to the Company.

Number of Insureds	Percent	
2 - 5	15.0%	
6 - 9	12.0%	
10 - 19	9.0%	
20 - 49	7.0%	
50 or more	5.0%	

A separate corporate limit is not available for solo practitioners. The minimum premium for separate limits for partnerships, corporations or professional associations is \$1,000.

III. PARTNERSHIP-CORPORATION-PROFESSIONAL ASSOCIATION EXTENDED REPORTING ENDORSEMENT COVERAGE

Partnerships, corporations, or professional associations that purchase a separate limit of liability may be eligible to purchase an Extended Reporting Endorsement upon cancellation of the coverage. For the entity to be eligible for the separate limit extended reporting endorsement, all physician members insured on the policy must exercise their right to purchase an individual extended reporting endorsement. The premium charge for the entity extended reporting endorsement will be a percentage of the sum of each member physician's net individual reporting endorsement premium, based on the number of insureds and the table in Paragraph II, above.

IV. CLAIMS FREE CREDIT PROGRAM

A physician will be considered claims free for purposes of this credit program if:

- 1. no loss payment has been made during the Evaluation Period, and
- 2. the total of allocated loss adjustment expense [ALAE] payments made during the Evaluation Period plus any Company established reserves for loss or ALAE does not exceed \$35,000.

Only claims reported during the Evaluation Period shall be included in measuring the payment and reserve criteria stated above. The Evaluation Period is based upon the physician's rating class as defined in the table below and shall end on the effective date of the policy period to be rated. The Evaluation Period shall begin no earlier than the time when the physician first begins the practice of medicine following formal training (residency or a continuous period of residency and fellowships). The Company will review the claims history of each insured or applicant for the purpose of evaluating the applicability of each claim based upon the facts and circumstances of specific claims. Reported incidents that do not involve a demand for damages by a third party will not be included in the evaluation.

Class	Evaluation Period
1 – 4	10 Yrs.
5 – 9	7 Yrs.
10 - 15	5 Yrs.

The claims free physician will receive a 3% credit for compliance with the minimum Claims Free Period and will earn an additional 1% credit for each continuous claims free year thereafter up to 15% in total. However, if the physician has been continuously insured by the Company for 10 or more years, the maximum allowable Claims Free Credit that can be earned will be increased to 20%.

Credits will be applied or removed at policy inception or renewal only. Inclusion of claims history with prior carriers is subject to presentation of information acceptable to the Company. The determination of claims to be included and payment or reserve amounts to be considered will be based upon information available at the time the policy is rated, typically 60 days prior to effective date.

Notwithstanding any other provisions of this section, no insured with 3 or more claims will be eligible for a claims free credit without management approval.

V. LEGAL DEFENSE COVERAGE

The Company offers the Professional Legal Defense Extended Coverage to insured physicians at no charge.

Limits of Liability will be offered as follows:

# of insureds	"Each Covered Investigation"	"Each Policy Period"	
1 - 5	\$25,000	\$25,000 X (# of insureds)	
6 - 10	\$25,000	\$125,000	
11 - 20	\$25,000	\$175,000	
21 +	\$25,000	\$225,000	

The limit of liability for "covered audits" will be \$5,000 per covered insured with a deductible of \$1,000 per audit per insured.

VI. LIMITED NETWORK RELATED COVERAGE

Standard coverage will be offered to participants in the Program at no additional charge with coverage limits as follows:

Item 1	Network Security and Privacy Liability Coverage	\$50,000 per Claim
Item 2	Regulatory Fines and Penalties Coverage	\$50,000 per Claim
Item 3	Patient Notification and Credit Monitory Costs Coverage	\$50,000 per Claim
Item 4	Data Recovery Costs Coverage	\$5,000 per Claim
Item 5	Deductible	(none) per Claim

There is a premium charge for those insureds that elect expanded coverage with higher limits. The optional additional limit of \$1 million is shared among all insureds within a practice group and is in excess of the standard coverage provided above.

Limits are in excess of \$50,000 primary coverage.

SECTION 6

PHYSICIAN EXTENDER, PARAMEDICAL AND ALLIED HEALTH PROFESSIONAL LIABILITY RATING

I. PHYSICIAN EXTENDER, AND PARAMEDICAL EMPLOYEES, ALLIED HEALTH EMPLOYEE PROFESSIONAL LIABILITY

Professional employees (other than cytotechnologists, certified registered nurse anesthetists, nurse midwives, nurse practitioners, physicians, physicians' assistants, surgeons or surgeons' assistants) are automatically included, at no additional charge, as additional insureds under policies issued to their employers. The limits of liability are on a shared basis with the employer.

The following paramedical employees may be individually covered by the Company by payment of an additional premium or covered elsewhere through a program deemed acceptable to the Company with minimum limits of liability equal to or greater than those of the insured employer. Coverage is available on a shared-limits basis or with separate individual limits. To determine the additional premium for the coverage selected, apply the appropriate factor from the premium assigned to Physician Class Codes 80420, 80151, 80153 or 80266, as specified, for the applicable claims-made year and limits of liability.

(Paramedical employees written on a shared-limits basis will be charged a fourth year claims-made premium regardless of retroactive date and the shared-limits factors stated above will always be applied to a fourth year claims-made premium.)

CRNA employed by an insured group – shared limits basis with ratio of CRNAs to anesthesiologists no more than 2:1	0.075	N/A	N/A

B. Group Deductibles

An optional deductible which limits the amount the entire group will have to pay, if multiple claims are made in a policy year, is available. Under this program, the per claim deductible continues to apply separately to each insured involved in a suit. However, the aggregate deductible applies to all insureds in the group combined thereby reducing the organization's maximum potential liability in a policy year.

When an organization is insured with a separate limit of coverage, the organization is counted when totaling the number of insureds below.

Group aggregate deductible discounts apply to \$1M/\$3M premiums only. The applicable Deductible Discount will not change during the policy term despite changes in the number of insureds, but will be limited by any applicable maximum credit amount.
